

# Environmentally Responsible Stile and Rail Doors

**ASSA ABLOY**

## *Earn LEED Points With Maiman*

THE MAIMAN COMPANY is a progressive leader in the wood door industry, actively pursuing innovative materials and manufacturing processes which create better and more environmentally sound products and services. We strongly believe that you shouldn't have to sacrifice quality when purchasing environmentally friendly products. And at the Maiman Company it won't cost you any extra either. All of our stile and rail doors are made with the same recycled materials so you can help the environment even if you aren't working on a LEED project.

# Maiman Stile and Rail Doors

## MAIMAN Can Help You Earn LEED Points in the Following Ways:

- **Recycled Content.** Our stile and rail doors have been certified by SCS with the following ratings:

**Raised Panel Doors, Painted** (of 30" width or greater): "Minimum 60% Recycled and Reclaimed Wood Content, with at least 13% Reclaimed Content and the balance (47%) Pre-consumer Recycled Content."

**Raised Panel Doors, Stained** (of 30" width or greater): "Minimum 70% Recycled and Reclaimed Wood Content, with at least 13% Reclaimed Content and the balance (57%) Pre-consumer Recycled Content."

**Flat Panel Doors, Stained or Painted** (of 30" width or greater): "Minimum 67% Recycled and Reclaimed Wood Content, with at least 15% Reclaimed Content and the balance (52%) Pre-consumer Recycled Content."

- **Chain of Custody.** FSC has certified many of the products made by The Maiman Company as being manufactured from wood harvested from responsibly managed certified forests.
- **NAUF.** Maiman's doors are available with No Added Urea-Formaldehyde.
